

Established in January 2017 with a Security background of more than 40 years, Eye To Eye Security Trading DWC-LLC provides a tailor-made product portfolio to suite a wide range of Mobile Surveillance and Remote Health Monitoring Solutions.

Before we do anything, we start with our clients in mind and this enables us to develop solutions which create tangible benefits and deliver excellent Return on Investment. We are intrinsically R&D and service oriented in spirit and for this reason we invest a large part of our annual revenue to develop more innovative products and features to meet the individual requirements of our clients.
